World Maritime Day 2021

Highlighting the important role of seafarers and the whole maritime industry

This year, the IMO's theme for **World Maritime Day** is "Seafarers: at the core of shipping's future".

Aquametro Oil & Marine would like to express our high appreciation and give a big thank you to all seafarers who do an excellent job under the most difficult conditions and keep the worldwide economy up and running.

The maritime industry is facing major challenges, especially in the areas of green shipping and digitization.

We look forward to tackling these challenges together.

**Happy World Maritime Day to all seafarers and the whole maritime community!
Stay safe and stay healthy!**

Company Information

Since 1928, Aquametro Oil & Marine has been among the leading manufacturers and suppliers of measurement, optimization and monitoring solutions for all kinds of fluids on ships, vehicles and industrial applications.

Our range consists of more than 100 different oil fuel meters and management systems, which have been developed specially for ships, transport vehicles and other heavy machinery in the shipping and industrial sector. We are also considered experts in viscosity measurement and control as well as in measurement, monitoring and management systems for fuel performance and fuel switching units (HFO to MDO and vice versa). For the industrial sector, we offer flowmeters and dosing units for special fluids.

Aquametro Oil & Marine operates from its headquarters in Therwil/Switzerland and Rostock/Germany as well as from Singapore for the Asian market. With further subsidiaries in South Korea and China and representation offices in India and Japan plus a global service network and numerous sales partners around the world, we can offer you seamless, professional and solution-driven support.
